## Agenda for Academic History Work Team

1. Review Email below and find out how all campuses feel about Electronic Transcripts, and how we want to move forward. This is all the information I have at this time.

We talked briefly about the feelings of going to Electronic Transcripts; this is a technology that all three campuses want to embrace. We are going to hold off reviewing services provided by Docufide or eScrip-Safe. The University system has already scheduled a meeting with the Student Clearinghouse to review there eTranscript service.

We will revisit this issue in our next Academic History meeting after the meeting with the Student Clearinghouse.

Next Meeting is November 10, 2:30.
