

Minutes for Academic History
June 22, 2009

Attendees: UAS Peter, Barbara, UAF Brigitte, Colleen, UAA, John, SW Jane

1. UAA would like to add concentrations to the unofficial transcript.

We (Acadhist work team) were unsure if this was for printed or UAOnline transcripts. The team decided that it would be beneficial if the unofficial UAOnline transcript showed concentration. The change was made in prod, it required checking a box in SHATPRT, and tested. Concentration can be added to specific transcript types if needed.

2. Graduate courses are counting in SHR9STD, and students with who are not in good academic standing at home MAU is showing up for the honors calc based on GPA from other MAUs.

The first issue concerning Graduate courses counting has been forwarded to Melody. She will investigate this problem and let us know more. The second issue has caused some concern regarding the purpose of the SHR9STD report. It was the understanding from some of the members that the report was meant to be used to calc Dean's and Chancellor's list across MAU's. However, some also think the report was expanded to also check for academic probation across MAU's. The discussion has been tabled until our next meeting to clarify the function of SHR9STD. Once this has been established we will be able to determine if it is an error for students on academic probation at the home MAU to show up in the report.

Next meeting: the next meeting will be July 6, at 2:30 p.m.
Phone number is 1-800-893-8850 pin 6384637
