

Minutes for Academic History team meeting, November 15, 2010

Attended by;

UAS: Peter, Barbara

UAA: Lora, Patty

UAF: Anita, Colleen

SW: Mary

Agenda.

1. Status regarding expiring Math and English test scores in Banner.

As of last week UAF faculty senate has started to discuss changing expiring Math test scores from 2 years to 1. UAS and UAA have already approved this new deadline. In the mean time, we need to review the current expired test scores and determine if new scores need to be created. There needs to be a expired test score for all Math and English tests (at this time these are the only test we are expiring). We need to review the SQL for removing test scores, and we need to decide on a plan for how and when the script will be run. For our next meeting we will start to create the plan for running the script.

Next meeting date is November 29.
