1. SFR2CLH and W status (Lindsey/Mae) Barb has never seen a W reported. Lindsey will check with Melody to see if the coding behind the process includes anything related to a withdrawn status.
2. Update UAOnline login information displayed on unsecured Transcript Requests page (Mae) All approved removing the UAOnline login references from this page. Lindsey to email Jane.
3. Parchment – Retiring old AVOW web links
 - a. Melody already updated LRGP. Change will move to PROD Friday.
4. Parchment and attachments update (Lindsey)
 - a. Joe has confirmed that if we turn on attachments, they will be automatically sent with the electronic PDF. Not an option for us at this time. All agreed this isn't ideal for us since some students submit forms that we need to first fill out and then send along with the transcript. Joe plans to suggest to the product development team that they create functionality that would allow students to tell us if their attachment needs to be reviewed before it's sent or if it's ready and can be sent right away. Maybe one day... ☺

Pending Business

1. Checking relationship flag on ENTERGRADES in SOAFACS so that all instructors of record may enter grades - Once FGE entry goes live, we'll discuss how to capture the instructor that entered grades with Jane and work with her team to test any necessary mods.
2. TR 184 – Nightly grade roll. UAA, UAS and UAF have all confirmed this process is not working in PROD (all withdrawal codes with the exception of WW). Matt is researching to determine why as time allows.
3. TR 257 – Add .dat parameter to SFR2CLH. In top 15. Melody is working on this.
4. 150% Direct Loan Legislation reporting changes
 - a. October 1 final deadline, but we want to start reporting the new fields as soon as we can after July 1.
 - b. Tables in which we'll enter program length were expected last week
5. TR 198 – Special characters. With AH team for testing as time allows.
