1. TR 198 – Special characters. Is there still interest in testing this? (Lindsey)
Agreed we'd pick this up after the Clearing House is completed.
2. Parchment tracker update (Mae) *postpone to next meeting*
3. Student in Australia is unable to submit a transcript request through Parchment (not set up for international orders on the billing screen) (Mae) *postpone to next meeting*

Update on CLH-test file submitted by UAA today. Asked for specific subset to be reviewed (WD and active)

Requested feedback from the clearing house on this. Patty asking, where are we with grad date?

Currently reporting end of term from sgastdn instead of graduation date on shadegr. Ellucian fix did not address this.

Matt: Graduation date-true grad date from shadegr? Or expected grad from sgastdn?

Brandon: Summer reporting wd or graduated student

Grad parameter exists now

Patty suggested pop sel for July 1 forward-not due by Friday, but should be submitted soon after our fall report is submitted. We should continue to send a degree file.

Pending Business

1. 150% Direct Loan Legislation reporting changes
2. Checking relationship flag on ENTERGRADES in SOAFACS so that all instructors of record may enter grades - Once FGE entry goes live, we'll discuss how to capture the instructor that entered grades with Jane and work with her team to test any necessary mods.
3. TR 184 – Nightly grade roll. UAA, UAS and UAF have all confirmed this process is not working in PROD (all withdrawal codes with the exception of WW). Matt is researching.
4. TR 257 – Add .dat parameter to SFR2CLH. In top 15. Is Melody working on this?
5. TR 198 – Special characters. With AH team for testing as time allows.

Next meeting is Tuesday November 25 at 2:00
