

MINUTES  
ADMISSIONS WORK TEAM AUDIO  
Monday, March 30, 2009  
10:00 am

Attendees:

UAA-AI, Peggy  
Kenai-  
Kodiak-  
Mat-su-Fran  
UAF-Crystal G, Libby, Caty  
UAS-Deema  
SW-

1. Team member list (attached)-Any updates or changes?
2. SUMMIT updates? Crystal G-BEMS update-Don't know where UA is with the purchase. BEMS not compatible with Banner 8. (?) Some concerns about BEMS right now-would like to see what improvements are in store. SRTLOAD customizing for TOEFL and other tests. Events management module looks promising.
3. FERPA Update-look at the email sent by Mary. Links to questions/answers and info from last Friday's meeting.
4. ONBase Testing-haven't tested yet. UAA experiencing some problems accessing onbase after loading new version. Just got that ironed out.
5. Clean Address testing-Crystal G. Go into LRGP put in various addresses on a web app for instance-to test clean address. Concern over message that the student gets when they enter an incorrect address. Peggy-seems to be working well now and the messages a student sees are pretty accurate. Please test this week.
6. Test codes-cleaning up old codes. Expiring old test scores. Changes to SRTLOAD or a workflow? Continued discussion needed. How do we expire old test scores?

**Next meeting Monday April 13, 2009 @ 10:00**
