ADMISSIONS WORK TEAM AUDIO
Monday, April 5, 2010
10:00 am

Attendees:

UAA-Charese, Peggy
Kenai-
Kodiak-Jenny
Mat-su-
UAF-Caty, Colleen, Kara, Libby
UAS-Deema
SW-Jane

1. Inability to find or search some applications that have been submitted in the SAAEAPS form.
Sungard website-patch that needs to be applied. Charese will check with Patty regarding the RPE number. Patty and Libby talked to Bert at the F2F-solution was created for this problem but needs to be applied-Jane will investigate once we have the RPE details.
2. Using short cut shift/F2 to move from SAAADMS to SAADCRV
For students that have applied to multiple campuses for the same term. Watch when using the short-cut to move between saaadms and saadcrv. Prior to the banner 8 upgrade if you used the short cut you would automatically be in the application you were on prior to going to the decision form. Now, if a student has applied to multiple campuses, regardless of what application you are on when you move to the decision form it reverts back to the #1 application. You could be entering decisions on an application for another campus.
3. Students unable to see test scores in Banner (see attached email)
Check for RPE to have test scores display at SSB. Advisors can see the scores but students cannot view their own scores. Libby will send a message to the banner student list to see if anyone has requested an RPE on this. Check w Sungard first before pursuing a task request.

Next meeting Monday April 19 @ 10:00am
