

MINUTES
ADMISSIONS WORK TEAM
Monday, December 13, 2010
10:00 am

Attendees:

UAA-Charese, Patty, Peggy
Mat-su-Fran
Kodiak-Jenny
UAF-Crystal, Kara, Libby, Colleen
UAS-Deema
SW- Mary

1. Educational Goal information for Patty

At the last BST I was charged to speak with our OIR office who currently uses the Educational Goals information to see if other codes and descriptions can be added. They are fine if we want to add additional goals to this validation table (STVEGOL) but would appreciate seeing first what those would be. They mainly want to make sure the new ones being proposed for adding do not overlap with the existing descriptions already in use that may then cause confusion to the student.

No current action needed by this team

2. Disqualification from UAA/UAS (see attachment from Mike)
UAA considering changing from 12 credit requirement to 9 credits. UAF proposing a change from 6 credits to 9 credits. UAF faculty will review their policy sometime this academic year.

3. Academic Advising hold on SOAHOLD-delete hold or end by entering a 'to:'date?
UAS-end the hold-don't delete it. UAA-end the hold-don't delete it.

4. Web application/payment gateway update
\$1790.00 that can't be reconciled from the 10-12th of November. UAF business office currently working with Mary Neilsen of UAA to identify which charges are theirs.

NEXT MEETING WILL BE MONDAY, JANUARY 24th
