Agenda:

1. Prospective Portal
 - a. Have you met with your CMS?
 - b. When will channels be created for the portal?
 - c. EMAS Online

UAA and UAF haven't had a chance to do anything yet with their prospective portals. EMAS online too expensive for an interim prospective student fix that we were looking for. Discussed Banner Enrollment management software. Come up with list of questions for Patty about the software. Maybe have a sit down with Patty to show her what EMAS can do.

2. Web 4 Prospect

Discussed updating validation tables and acknowledgment pages.

3. EMAS

- a. UA Scholar Bridge Update -- Need to recap where we are. Discussed UA scholar testing. Crystal sent some changes to Melody that have been fixed, so need to go back and do more testing. Crystal will do 2 task requests. 1) Fix stages for stdimprt text file for UA scholars. Currently coming out as 200's when not really 200 for the specific MAU. 2) Pull out application information for UA scholars and put in VISA field in EMAS. Looking for MAU information to put in to identify where student has applied to.

- b. Bridge update

4. Patrick Update

5. Other items/updates

- a. Test Plan for Banner Upgrades (From Peggy, 06/13/07 email)

Crystal,
Notes are fine but would you add test plan for Banner upgrades to the next meeting.
Thanks
Peggy
