Agenda:

1. Prospective Portal – no updates
 - a. Have you met with your CMS?
 - b. When will channels be created for the portal?
 - c. Banner Enrollment Management Software –
 - d. Portal Update –
2. Web 4 Prospect –
 - a. Any updates? -
 - b. Clean Address update:
 - c. Ethnicity Codes and SRTLOAD –
3. EMAS –
 - a. UA Scholar Bridge – Leesa -- Scholar award year and status – wants task request to bring this info out in the bridge (keep on agenda, may not discuss until next meeting). .
 - b. Banner Face2Face Agenda – Some things that need to be discussed – Banner 8 changes and how this might affect the EMAS bridge files (specifically field lengths), Banner 8 testing for Recruit, review task requests and determine if anything needs to be changed, EMAS 9 upgrade discussion. If time, FoxPro demonstrations or discussions on Web4Prospects.
 - c. Bridge update:
 - d. Task Requests: Jane looking into how we can access SSH files (SRR2BE1/SRP2EB1 stdimprt.txt, uascholar.txt) and test score files. With Banner 8, they want to limit the number of people that have UNIX logins, so she is exploring if we need the logins to access those files or if there is another way.

NDS Task Request Status? Testing?? Will stay in holding pattern until Banner 8 upgrade. Melody left in December, and Jane will let us know what will happen with our programming and task requests once the dust settles.
 - e. Any other general updates?
 - f. EMAS 9 Upgrade – Proposing a revised time of possibly June 2010. Thoughts? Will have to rebuild user exit code program, queries and logic on letters since they won't transfer. Julie still working on purchase on the server. Once that's done we will come up with another timeline for our upgrades. Ideally, a June or July EMAS 9 upgrade would be beneficial and coordinate with EMAS Conference. Discussed the benefits of loading current year and future to EMAS 9 versus loading all data to EMAS 9.
 - i. Data Clean EMAS
