Present: Brian, Leesa, Crystal, Jane,

Agenda:

1. Prospective Portal – no updates – Remove from Agenda since no longer applicable – will keep Banner enrollment Management software section.
  - a. Have you met with your CMS?
  - b. When will channels be created for the portal?
  - c. Banner Enrollment Management Software – October 29<sup>th</sup> scheduled demo.
  - d. Portal Update –
2. Web 4 Prospect –
  - a. Any updates? -
  - b. Clean Address update: Crystal gave update. Still having some issues – Name corrections not running, address corrections not taking place as you tab through addresses on UAOnline Prospect form (addresses are corrected after submitting when viewed in SRIPREL, but not before and no notice given to student that address is changing), 30 character limit is turned on and will fix at the same time as address check takes place, and confirmed with Jeff and Kevin that we need a way to have Clean Address run on addresses in SRIPREL – either from within SRTLOAD, SRRSRIN, or as a separate process that end user could run on specified prospect types in temp tables.
  - c. Special Characters – Special characters getting put in on same forms that Clean Address runs on. Looking at building into Clean Address to fix special characters. Go Jane!! No objections from this group!!
3. EMAS –
  - a. UA Scholar Bridge – Leesa -- Scholar award year and status – wants task request to bring this info out in the bridge (keep on agenda) .
  - b. 2011 UA Scholars are coming out of Banner now. Neither Leesa or Crystal have loaded UA Scholars yet. Crystal will be loading on Friday.
  - c. Bridge update: no updates
  - d. Task Requests

NDS Task Request Status? Matt is working on now – top priority.

FA Task Request – Crystal gave update to group on Terry – that she will be working on soon, but she is in the process of moving so it will be a while before she can work on it. Crystal asked if it will be a mod to SRR2BE1 or a separate process. Group is recommending a separate process so that SRR2BE1 does not produce a Fin Aid file every time we run our Banner to EMAS process.
  - e. Any Banner 8 Issues?
  - f. Any other general updates? Full team at UAA – Welcome Brian!! Finally moved. Have new Assistant Director of Recruitment. Working on new comm plans.

UAF – set up comm plans and have the roll over done, however there is currently a discussion to convert some of the letters to emails.

- g. EMAS 9 Upgrade –UAA and UAF have done some cleanup but no testing yet.
  - i. Data Clean EMAS
  - ii. Test Bridge Files
  - iii. Work on SOAXREF –

- 4. Jane Update: Task request link is

Doesn't need anything from us at this time. Kevin and Russell gaining speed. Matt is working on the NDS task request and is working on figuring out why it's taking so long to run.

- 5. Other items/updates
