

September 25, 2012 Meeting -

Present: Julie, Crystal, Jane

EMAS - Julie's EMAS 9 going ok - planning on year end soon and updating communication plans, loading UA Scholars. Running bridge as stands, and no issues.

Crystal currently updating comm plans, loaded UA Scholars, still looking EMAS 9 for this semester.

UAA still working with vendor on file preparation for importing into EMAS.

High School Codes: UAA has been entering HS codes with 05XXXX as 05XXXX instead of CAXXXX as is the Banner standard. Admissions Team next week will discuss the format and will try to come to a resolution on how to enter the code.

Daniel working on making the SRR2BE1 more user friendly. Jane will ask him to attend the next meeting to discuss with us what he's working on.

No updates/issues with Banner, Web for Prospect, etc. Clean Address still working. We have TR 64 to make modifications to be able to run Clean Address on temp table data. Crystal will bring up at BST to get approval. Recruit agrees that this is a TOP TR for our team.

Next meeting will be October 9, 2012 at 10:00 am.
