- 1) Prior to FY13, UAA had some "Extended Temp" PCNs that were used only for internal reporting purposes.
- 2) In 2020 all UA pooled PCNs were centralized in the system office. Link to [UA HR Pooled PCN listing](#).
- 3) In FY11, UAF had a small group of PCNs beginning with 94, 95, and 96; these PCNs were made "Inactive" as of FY12.

Note: One PCN is sometimes used for job assignments that are split between separate MAUs; the highest percentage of labor determines which MAU's PCN is used for the employee's job assignment.
