

Ketchikan faculty and staff offer friendly, personalized attention to students who will find familiarity, inclusiveness, and top value for their education dollars.

The Ketchikan campus was originally established as Ketchikan Community College in 1954. In cooperation with the larger University of Alaska system through distance education, students can graduate locally with bachelor and master degrees. Business and industry programs are delivered, as well as a core of technical, maritime studies, and other vocational courses.

ACADEMIC YEAR 24 NUMBERS

- 1,250 students
- 15 full-time and part-time faculty
- 20 full-time and part-time staff

PROGRAMS

- GED programs
- 9 occupational endorsement certificates
- 8 certificate programs
- 8 associate degree programs
- UAS bachelor degree programs (partial completion)

Programs like Middle College allow students to gain an enormous head start in their careers and prevents Taking the Master 100 Ton class allowed me to move up from Assistant Port Engineer to Port Captain with Allen Marine Tours.

-Tristan Moyer

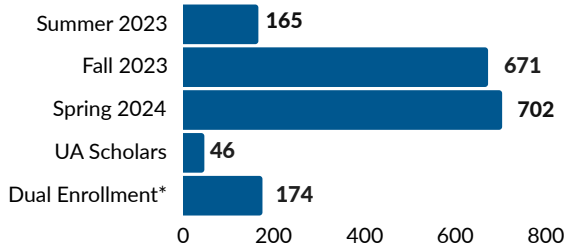

TRANSFORMING EDUCATION TO CAREER OUTCOMES

A year after graduating, UAS Ketchikan program graduates (FY17 - FY21) were earning an average of \$31,182 annually, about 9 percent (\$2,582) more than they did one year before earning the certificate or degree. Program graduates (FY13 - FY17) working for 5 years were making 73 percent (\$22,724) higher wages on average than graduates who had only been working one year, showing that the earnings boost from a UAS Ketchikan credential increases over time.

| One Year before Graduation | One Year after Graduation | Five Years after Graduation | Salary Increase (One Year to Five) | % Increase (One Year to Five) |
|----------------------------|---------------------------|-----------------------------|------------------------------------|-------------------------------|
| \$28,600 | \$31,182 | \$53,906 | \$22,724 | 73% |

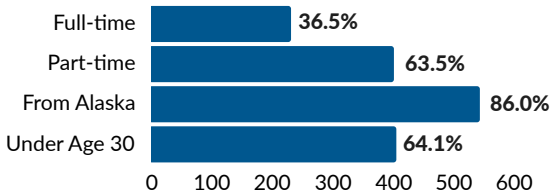

ENROLLMENT PROFILE

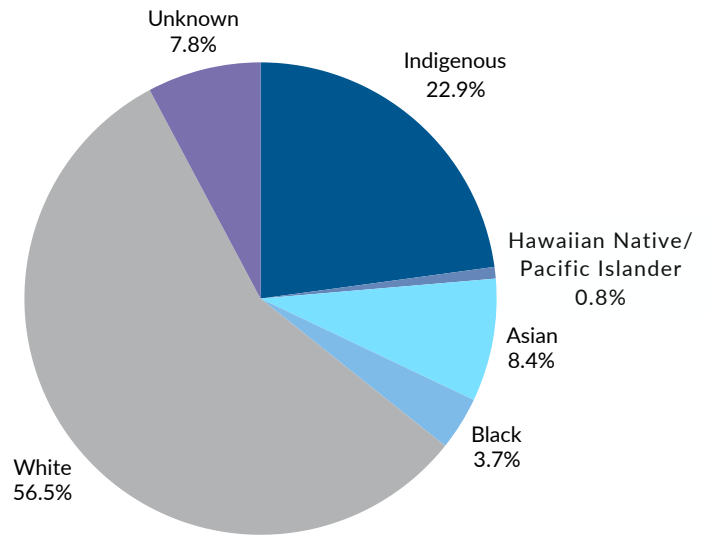

*Dual enrollment refers to enrollment at the university by a student who is simultaneously enrolled in a K-12 (or homeschool) for which the student may receive credit at both the K-12 and postsecondary levels.

RACE/ETHNICITY

PROGRAM HIGHLIGHTS

The UAS Ketchikan Qualified Member of the Engine Department (QMED) course of study is a US Coast Guard approved sequence of courses. Earning this credential has significant advantages for those seeking entry into the Maritime field enabling them to secure employment in engine rooms on large maritime vessels. Successful completion of the QMED reduces the required sea service from 180 days to 120. The Maritime Training Center also offers 17 above deck US Coast Guard approved courses leading to Occupational Endorsements and Associate of Applied Science degrees.

COMMUNITY IMPACT

The Ketchikan campus meets community needs:

- Alaska Marine Highway System
- Haines School District
- Inter-Island Ferry Authority
- Ketchikan Gateway Borough School District
- Ketchikan Indian Community
- Local 23 SMART Union
- National Oceanic and Atmospheric Administration
- Seafarers International Union
