**Process Improvement Projects and Tasks**

**Standardization of FML processing**
The Employee Transitions and Benefits team is continuing the work to improve and standardize the processing and tracking of Family Medical Leave across the UA system. This includes assessing current processes, establishing common tracking methods and new streamlined processes to implement new tools to collect and manage FML requests efficiently and securely.

Update as of 3/26/20: The updated file formats are currently being sent to the four vendors as production files. EAS is working to complete the chain setup within App Manager for file generation during Payroll Processing and SFTP Transfer. Once finished, this project will be considered complete.

**UAS Timesheet Feed for Facilities**
The HR Information Systems group is working with the UAS IT and Facilities to create a timesheet feed directly to Banner for payroll processing. This will allow UAS Facilities to use their existing work order system for tracking worked hours and eliminating the need for double data entry of hours.

*Update as of 3/26/20:* Testing has been delayed due to lack of internal IT resources. HRIS must wait until OIT has refreshed the Banner database (BANQ) which is scheduled for the end of May.

**UAS HR Coordinator Consolidation**
UA HR is working with UAS Leadership to develop a service hub to provide HR Coordinator services to Juneau Campus departments and employees. The staff in the hub will work full-time to assist and support departments allowing specialization in HR processes. This will decrease the number of FTE spent by department personnel in HR functions.

*Update as of 3/26/20:* A draft position description is under development. Research will be conducted to identify the impact on a department level.

**UAF GAPE Project Support**
UAF is working on a process improvement project called GAPE (Graduate Award Process Efficiencies). UA HR is assisting in implementing this project by creating an electronic form through NextGen that will be owned by the UAF Graduate Office.

*Update as of 3/26/20:* Phase four of testing will begin this week. This includes the creation of the workflow to all appropriate approvers. April 13th is the expected go-live date.

**Personnel Process Alignment:** Historically, each campus had their own process for setting up and making changes to employee data. UA HR is currently reviewing those differences and proposing a more streamlined approach that addresses consistency, efficiency and compliance requirements. As changes are identified, notification is being sent out to the HR Coordinators across the respective campuses.

*Update as of 3/26/20:* The team is working on finalizing new hire checklists for all employee classifications by April 6th.
UA HR Website
A project plan is in place to develop one UA HR webpage. The Project Team has been assembled and have been meeting weekly. The team is continually working with each area of HR to ensure the new webpage will help better serve the customers.

Update as of 3/26/20: The Project Team will finish up meeting with the directors to assess what content should be on the web page. OIT will assist HR with the development of the website shortly.

Consolidated UA Pooled PCN List
There are currently more than 1,000 pooled PCN’s that are used for hiring all non-benefited employees, including: Adjuncts, students, and temporary employees. UA HR is working in coordination with the Budget Offices and HR Coordinator representatives from all three campuses to implement a single list of less than 100 PCN’s.

Update as of 3/26/20: The project team has met to brainstorm on ways to implement this efficiently at each of the campuses. Risks have been identified and plans have been implemented to mitigate those challenges. Communication and updated tools are being prepared for the HR Coordinators. The new Pooled PCN list will be available for departments to start using by April 2020.

Student and Temporary Employee Employment Procedures
A team has been formed to review and update the current student and temporary employee employment procedures. HR and department staff are meeting monthly to discuss and resolve student and temporary employee workflow and employment issues so that consistent procedures are used throughout the UA system.
