**REPORT OF INDEPENDENT AUDITORS ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT  
AUDITING STANDARDS***

The Board of Regents  
University of Alaska

We have audited the financial statements of the University of Alaska (University) and its discretely presented component unit, the University of Alaska Foundation (Foundation), as of and for the year ended June 30, 2013, and the related notes to the financial statements, and have issued our report thereon dated October 17, 2013. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statements of the Foundation were not audited in accordance with *Government Auditing Standards*, and accordingly this report does not include reporting on internal control over financial reporting or instances of reportable noncompliance associated with the discretely presented component unit.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the University's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, we do not express an opinion on the effectiveness of the University's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

**REPORT OF INDEPENDENT AUDITORS ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT  
AUDITING STANDARDS*  
(continued)**

**Internal Control Over Financial Reporting (continued)**

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2013-01 that we consider to be a significant deficiency.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the University's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Response to Findings**

The University's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The University's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**REPORT OF INDEPENDENT AUDITORS ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY OMB CIRCULAR A-133**

The Board of Regents  
University of Alaska

**Report on Compliance for Each Major Federal Program**

We have audited the University of Alaska's (University) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the University's major federal programs for the year ended June 30, 2013. The University's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

***Management's Responsibility***

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance for each of the University's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the University's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the University's compliance.

**REPORT OF INDEPENDENT AUDITORS ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY OMB  
CIRCULAR A-133  
(continued)**

***Opinion on Each Major Federal Program***

In our opinion, the University of Alaska complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2013.

**Report on Internal Control Over Compliance**

Management of the University is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the University's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the University's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness* in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

**REPORT OF INDEPENDENT AUDITORS ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY OMB CIRCULAR A-133  
(continued)**

**Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133**

We have audited the financial statements of the University as of and for the year ended June 30, 2013, and have issued our report thereon dated October 17, 2013, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.

Schedule of Expenditures of Federal Awards  
Year Ended June 30, 2013

CFDA NUMBER	FEDERAL PROGRAM TITLE	PASS-THROUGH ID#/GRANT #	EXPENDITURES
	Quantifying the Role of Ocean-Ice-Atmosphere Interactions in Shaping Recent Reduction of Ice Cover in the Eurasian Basin of the Arctic Ocean	G00004997	80,633
	Heating and Acceleration of the Solar Wind and Corona by Anisotropic MHD and Hall MHD	G00005062	68,342
	Physical and Geologic Investigations of the Surface Materials Along the MER Traverses: Continuation of Co-I support to the Mars Exploration Rovers Participating Scientist Program (NNH05ZDA001N-MERPS)	G00005454	29,375
	An Investigation of Surface Excavation and Mobility, and Volatile Transport in Regolith at the Pass-through The John Hopkins University	957706 / G00005724	208,307
	Adaptation to Rapid Land-use and Climate Changes on the Yamal Peninsula, Russia: Remote Sensing and Models for Analyzing Cumulative Effect	G00005972	102,903
	Investigation of the Controls and Feedbacks on the Biogeochemical Cycling of Inorganic Carbon, Air-Sea CO2 Fluxes and Ocean Acidification Effects on the Arctic Pacific Shelves		
	Pass-through Bermuda Institute of Ocean Sciences	803809 /G00006308	33,618
	Optimizing Next-Generation Image Compression Transforms via Evolutionary Computation	G00006556	77,471
	Estimating Spatio-Temporal Variability in Evapotranspiration in Interior Alaska Using Field Measurements, Modeling, and Remote Sensing	G00006590	192,612
	RETINA (Robotic Exploration Technologies in Astrobiology): Evaluation, Advancement, and Development of Project Base Learning Activities	G00006617	6,038
	Implication of Arctic Sea Ice Reduction on Bromine, Ozone, and Mercury Chemical Process, Transport, and Distribution		
	Pass through Jet Propulsion Laboratory	SUB 1418562 / G00006902	174,830
	North American Carbon Program (NACP) and Ocean Carbon and Biogeochemistry (OCB) Interim Coastal Carbon Synthesis		
	Pass through University of South Florida	PO 7000025845 / G00007039	11,052
	An Investigation of Wave Dynamics in the Arctic Mesosphere and Coupling Between the Lower and Upper Polar Atmosphere (Continuation of a Subaward)		
	Pass through Utah Valley University	G00008540	37,566
43.001	Science		12,641,030
	Pass through University of Texas Austin	UTA12-000234	28,583
	Pass through Jet Propulsion Laboratory	1241499	14,744
	Pass through Jet Propulsion Laboratory	1485171	42,442
	Pass through Jet Propulsion Laboratory	1459730	37,802

University of Alaska  
Schedule of Expenditures of Federal Awards  
Year Ended June 30, 2013

CFDA NUMBER	FEDERAL PROGRAM TITLE	PASS-THROUGH ID#/GRANT #	EXPENDITURES
	Pass-through Prince William Sound Science Center	10-65-10	137,855
	Pass through Louisiana State University	SUB NO.65687/CFMS#712215	28,540
	Pass-through University of Maryland	SUB Z631501	655
	Pass-through University of Pittsburgh	SUB 0020157 (407134-2)	89,080
	Pass-through University of California Berkeley	SUBAGREEMENT NO:00007605	31,019
43.002	Aeronautics		
	Pass-through University of Colorado	1545830REF:PO 1000027866	37,050
	Pass-through University of Colorado	1548571 PO#1000017674	243,884
43.008	Education		461
Total National Aeronautics and Space Administration			14,523,422
Institute of Museum and Library Services			
45.310	Grants to States		8,496
National Science Foundation			
47.000	NSF Intergovernmental Personnel Act Assignment: NSF Program Director for the Integrative Graduate Education and Research Traineeship (IGERT) Program	G00007461	146,489
47.041	Engineering Grants		340,582
	Pass-through Georgia Institute of Technology	RA0693-G1 / PO #2720014478	113,752
	Pass through University of Kansas	SUBAWARD FY2013-029	40,078
47.049	Mathematical and Physical Sciences		245,863
47.050	Geosciences		13,702,070
	Pass-through Cornell University	62144-9481	24,802
	Pass-through Rutgers University	PO 4150 / S1409651	16,963
	Pass-through University of Southern California	149701	220,518
	Pass-through University of Southern California	SUBAWARD #34277218	19,969
	Pass-through University of Southern California	158854 / PO 10011580	43,001
	Pass-through University of Southern California	SUBAWARD#33760539	19,804
	Pass-through Woods Hole Oceanographic Institution	SUBAWARD # A100638	71
	Pass through SRI International	SUBCONTRACT #119-000221	519,171
	Pass through University of Washington	740876	1,533
47.070	Computer and Information Science and Engineering		6,342
47.074	Biological Sciences		3,294,527
	Pass-through Texas Tech University	21P225-02	27,249
	Pass-through University of Notre Dame	SUBAWARD # 201717	6,251
	Pass-through University of New Mexico	SUBAWARD NO. 04803T-873U	17,572
	Pass through University of Washington	592485	7,784
47.075	Social, Behavioral, and Economic Sciences		282,587
	Pass-through University of New Hampshire	SUB AWARD #12-037	19,195
47.076	Education and Human Resources		3,632,084
	Pass through Columbia University	4(GG009026) / G03550	18,814
47.078	Polar Programs		12,299,303
	ARRA - Pass through Oklahoma State University	AA531200-S1	14,760
	Pass-through Purdue University	4101-44885	1,796
	Pass-through University of Maryland	CA 12-12 07-5-25679	21,036
	Pass-through Woods Hole Oceanographic Institution	A100869	29,749
	Pass-through Columbia University	3 (ACCT 5-24906)	7,656

University of Alaska  
Notes to Schedule of Expenditures of Federal Awards  
Year Ended June 30, 2013

**(1) General**

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all federal financial assistance programs of the University of Alaska. The University of Alaska is a constitutionally created corporation and a component unit of the State of Alaska. Federal financial assistance received directly from federal agencies as well as federal financial assistance passed through other government agencies is included on the schedule.

**(2) Basis of Accounting**

The accompanying Schedule of Expenditures of Federal Awards is presented using the economic resources measurement focus and accrual basis of accounting, which is described in note 1 to the University of Alaska's financial statements.

**(3) Basis of Presentation**

The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the University financial statements. Federal program titles are reported as presented in the Catalog of Federal Domestic Assistance (CFDA) whenever possible. Pass-through entity identifying and grant numbers are presented where available.

**(4) Federal Direct Student Loans (CFDA # 84.268)**

The University is responsible for the performance of certain administrative duties with respect to the Federal Direct Student Loan Program. Amounts relating to this program are not included in the University's basic financial statements. Loans distributed to students of the University under this program during the year ended June 30, 2013 are summarized as follows:

	Amounts Disbursed
Direct Subsidized Loan	\$ 26,715,907
Direct Unsubsidized Loan	43,945,899
Direct PLUS Loan	4,974,998
	\$ 75,636,804

**(5) Facilities and Administrative Costs**

The University recovers facilities and administrative costs associated with sponsored agreements pursuant to separate agreements negotiated with the Office of Naval Research. The negotiated rates are computed in accordance with OMB Circular A-21, *Cost Principles for Educational Institutions*.

**(6) Subrecipients**

The University of Alaska passed through \$8,187,667 of federal awards to subrecipients for the year ended June 30, 2013. Expenditures incurred by the subrecipients are listed below by federal program. These amounts are included in the Schedule of Expenditures of Federal Awards.

**SCHEDULE OF FINDINGS AND QUESTIONED COSTS**

---

**Section II—Financial Statement Findings**

**Finding 2013-01 – Controls Over Procurement Cards- Significant Deficiency**

**Criteria** – The American Institute of Certified Public Accountants (AICPA) Professional Standards, AU Section 325 – *Communicating Internal Control Related Matters Identified in an Audit*, defines a significant deficiency as a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. These standards also state a deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A deficiency in operation exists when a properly designed control does not operate as designed or the person performing the control does not possess the necessary authority or competence to perform the control effectively.

**Condition** – While reviewing internal controls over procurement cards during our initial assessment, of the two statements reviewed, one statement reconciliation was prepared and reviewed over a month after the statement date, while the other was prepared and reviewed two months after the statement date. We selected 32 additional procurement card transactions after our initial assessment and noted several instances in which internal policies were not being followed. Examples included reoccurring charges that continued even after an employee left a department (and therefore should no longer have an active procurement card), five instances in which the required procurement card logs were not completed, several instances in which card holder signatures were not provided timely and several instances in which approvals were not performed timely or at all. We also noted one instance in which the procurement card was not reconciled. In addition, we noted that many of the monthly limits were very high compared to other universities we have seen.

**Context** – Of the 34 transactions selected, we noted multiple errors as noted in the condition above. In addition, we determined that monthly limits for users were as follows. Of the 525 procurement cards issued at University of Alaska Anchorage, 523 had a spending limit of \$25,000 or more each month (two of these cards had a limit of \$1 million each month). At the University of Alaska Fairbanks campus, 430 of the 889 procurement cards had a limit of \$25,000 or more each month while University of Alaska Southeast had 47 of 56 issued cards with a \$25,000 or greater monthly limit.

**Effect** – Although each of the transactions reviewed had support for the transaction selected, there is risk that fraud or error could occur due to currently policies over procurement cards not being followed.

**Cause** – Certain employees are either unaware of their responsibility as a procurement card holder and/or are not following policy. In addition, some authorized reviewers are also either not aware of their responsibility and/or are not following policy.

**Recommendation** – In addition to the steps already taken by management, which have included an immediate notification to employees of their responsibilities and additional internal audit work scheduled, we recommend management review the controls over the procurement cards as well as the necessity of certain individuals even having a card. We also recommend management review the monthly limits for each procurement card holder and ensure the limit is adequate for each position and not excessive.

**UNIVERSITY OF ALASKA**  
**SCHEDULE OF FINDINGS AND QUESTIONED COSTS**

---

**Finding 2013-01 - Controls Over Procurement Cards- Significant Deficiency (continued)**

**Management Response** – Management agrees with the recommendations. We are committed to the specific remedies. Action has already been initiated on the review of controls over the procurement cards as well as the necessity of certain individuals even having a card. Furthermore, as recommended, we are in the process of exploring the review of monthly limits for each procurement card holder and ensure that the credit limit is adequate for each position and not excessive.

**Section III—Federal Award Findings and Questioned Costs**

None noted.
