3. Record the quantities of coin and currency on the appropriate lines in the 'Money Distribution' section of the form. Example: four \$10.00 bills are recorded as 4 on the '\$10.00' line, and \$40.00 as the total. 6. Total the entire 'Money Distribution' section (totals calculate automatically).

### **Distribute the funds to the appropriate General Ledger account (right) section.**

7. Record a 30-character description (for Banner) to clarify the reason for the deposit. This may contain the check#, payer, reference#, etc.. Additional information may be recorded in the 'Special Instructions' section (see #12) of the form, but will NOT appear in Banner.
8. Record the Fund, Org, and Account code(s) to which the deposit will be credited. The funds may be distributed among several accounts.
9. Record the amount to be credited for each general ledger account.
10. Total the amount column, and verify that it equals the 'Total of all Funds' (6) amount in the 'Money Distribution' section.
11. Leave this field blank. It is used by the cashier to verify the deposit when received.
