THE HEALTHIER WAY

Our health is our most important asset. Although we get plenty of advice about healthy eating, weight management, and physical activity, we do not always do what we should to maintain or improve our health. Work and family obligations take up the majority of our time, and we often set personal wellness aside.

Our goal at University of Alaska is to help you make informed decisions about your health by providing the tools and resources you need to succeed in achieving a healthier lifestyle. In doing so, we plan to continue to mix in some great programs and provide you extra motivation to maintain or improve your wellness.

University of Alaska is offering all employees and spouses/financially interdependent partners (FIPs) enrolled in the UA Choice health plan an opportunity to earn a rebate up to $600 on their FY24 health care contributions. Please review the details of our 2022 Wellness Program within this guide and help make University of Alaska a healthier place to work.

Confidential Health Information

The wellness program is confidential and HIPAA compliant. Protected Health Information (PHI) collected through the biometric screening is managed through a secure Health Management System and is only used to help determine your current health status and provide you with the most effective health improvement strategy. Policies and procedures are in place to properly safeguard and maintain the confidentiality of your PHI. PHI is only used as permitted in accordance with HIPAA laws. Your PHI will not be shared with University of Alaska. In addition, no individual PHI or identifying information is shared with anyone at University of Alaska.
Looking for a fun, easy, healthy way to earn some extra money this year? Look no further than our University of Alaska Wellness Program!

Any employee and spouses/Financially Interdependent Partners (FIPs) enrolled in the UA Choice Health plan are invited to participate in the FY23 University of Alaska Wellness Program. To meet the program requirements, employees and spouses/FIPs are required to complete a total of 7 points by completing the health risk assessment, biometric screening and 5 additional activity points. **By reaching the 7-point milestone by the June 30, 2023 deadline, employees and spouses/FIPs will receive a health care contribution rebate up to $600 in FY24.**

The pages that follow in this Program Manual explain everything you need to know in order to get started with the program. If you have any questions, please contact 1-877-899-8996 or support@preventioncloud.com or your dedicated program manager, Victoria Carver, at victoria.c@zomohealth.com. We look forward to another healthy and productive year!

HOW TO SYNC YOUR FITNESS DEVICE

Please complete the following instructions to sync your device with PreventionCloud. Once your device is synced your steps will automatically log.

Example on How to Sync Your Device
To sync your device data with PreventionCloud, your device should be connected to an app on your mobile device. For example, FitBit devices have the FitBit app on your phone. That FitBit app connects with the Apple Health Kit app on iOS devices and Google Fit on Android devices. The data from your Apple Health Kit app or Google Fit app will sync with the PreventionCloud app each time you open the app.

Apple (iOS) – Apple Health Kit

1. Download/Open the Apple Health Kit App
2. If you are already using a third-party app, it will be automatically synced (if not, this can be completed in the Apple Health Kit settings).
3. Download the PreventionCloud mobile app from the App Store.
4. Click on the app icon from your home screen to open it.
6. From your PreventionCloud app click “Health Kit.”
7. Enable Sync.
8. The app will sync with Health Kit every time you open it and push the data to www.PreventionCloud.com.

Google (Android) – Google Fit

1. Download/Open the Google Fit App.
2. If you are already using a third-party app, it will be automatically synced (if not, this can be completed in the Google Fit settings).
3. Download the PreventionCloud mobile app from the Play Store.
5. From your PreventionCloud app click “Google Fit.”
6. Select the account which you use on Google Fit.
7. You can verify that Google Fit is connected to the PreventionCloud app by opening the Google Fit app on your mobile device. Once open, click on the settings icon on the top right, then click on “Manage connected apps”. There you should see PreventionCloud listed. If you do not see it listed, then click on the dropdown and select “All apps & devices”. If you still do not see it please repeat steps 1 through 7 to verify they were done.
8. The app will sync with Google Fit every time you open it and push the data to www.PreventionCloud.com.
HOW TO SYNC YOUR FITBIT

1. Log in to the WELLNESS PORTAL.
2. Click on “TRACKERS” from the left hand menu.
3. Click on “FITBIT SYNC” from the left hand menu.
4. Enter the email associated with your Fitbit and connect.
5. Enter your Fitbit account login information to complete the setup.

INSTRUCTIONS ON HOW TO LOG MANUAL STEPS FOR:
WALKING/RUNNING/SWIMMING/CYCLING

1. Log in to the WELLNESS PORTAL. Click on EXERCISE under the TRACKERS left menu.
2. Select Walking, Running, Swimming, or Cycling.
3. Enter the distance and change the measurement unit (meters, miles, kilometers, steps, yards).
4. Click LOG and your exercise will automatically convert to steps and show under the activity history section on this page.
5. Any steps shown under the activity history section will automatically count for the challenge regardless of whether they are from Fitbit or manually entered.

PRIVACY OF HEALTH INFORMATION

WHAT FEDERAL LAWS DO UNIVERSITY OF ALASKA AND PREVENTIONCLOUD FOLLOW?

• Health Insurance Portability and Accountability Act (HIPAA) Compliant.
• Genetic Information Nondiscrimination Act (GINA) Compliant.

WHAT DOES THIS MEAN?

All individually identified health information collected and maintained by PreventionCloud is kept 100% secure & private. No individually identifiable health information is shared with University of Alaska, Premera or VSP. No family history is requested within the Health Risk Profile.

WHAT IS SHARED WITH UNIVERSITY OF ALASKA?

Only aggregate reports summarizing total population health information is given to University of Alaska. These aggregate reports will in no way reveal or provide any individually identified health information. These reports are used to help focus the Wellness Program in a direction that will have the largest impact for employees. For example, determining which webinars and challenges to make available.
