Year-over-year course registration trends reported for the UA system, UA Anchorage, Prince William Sound College, Anchorage Campus and the UAA School of Education are impacted by UAA business practice refinements*. For more information about course registration changes by campus and academic unit, see page 2.

Course Registration

As of January 6, there were 15,394 students registered in 146,375 student credit hours (SCH) for Spring 2025, representing minimal change in headcount and growth in SCH of almost 3 percent from last year. At UAA, 8,561 students registered for 81,297 SCH, with headcount being almost equivalent to and SCH being approximately 2 percent higher than Spring 2024. UAF headcount increased about 4 percent from Spring 2024, with 6,017 students registered, to-date. Meanwhile, UAF SCH registration reached 54,358 SCH year-over-year, an increase of nearly 6 percent. At UAS, student headcount decreased just over 7 percent compared to last year at this time, with 1,490 students registered for courses. UAS SCH registration declined by about 5 percent from last year to 10,720 SCH. Students often utilize courses from more than one university to meet program requirements. For Spring 2025 semester, 4.2 percent of students (651) have cross enrolled in courses at more than one university, to date. See page 2 for additional course registration trends by academic unit.

Billed Tuition and Fees – Estimated Revenue

Estimated net tuition and fee revenue for Spring 2025 totals \$56.0M, up about \$2.7M from Spring 2024, currently. About 71 percent of estimated net revenue is from direct undergraduate- and graduate-level tuition, with another 21 percent generated by fees and 11 percent generated by the non-resident tuition surcharge. Additional tuition and fees detail by university and revenue category is available on page 3.

Applications and Admission

Exactly 5,120 applications have been initiated by prospective students for admission in Spring 2025, up close to 5 percent (241 applications) from Spring 2024. Compared to this time last year, the number of applications started or completed by first-time, prospective students decreased by approximately 5 percent (65 applications) at UAA, grew by almost 75 percent (325 applications) at UAF, and decreased by about 31 percent (41 applications) at UAS. For additional information, see pages 4 and 5.

*UAA recently reclassified select for-credit courses to non-credit status, as well as transitioning 500-level, for-credit professional development courses to a separate student information system, Genius, designed for professional development students. As of Spring 2024 opening, these courses constituted 11 and 6 percent of UAA and total UA System headcount, respectively, as well as 3 and 2 percent of UAA and total UA System SCH, respectively.
