UA System	188	256	254	210	316		2		1,226	15,047		

Note: The credit hours of a degree-seeking student enrolled in courses offered by the student's program AO are reported at the degree level of the student's program (for example, at the baccalaureate level). UA degree seeking (UA DS) students taking courses from an AO other than their program AO are reported at the UA DS level. Credit hours taken by non-degree seeking students are reported at the non-degree seeking (NDS) level. Reporting level headcount is unduplicated and headcount includes students who audit credit courses. AO headcount for UA DS and NDS totals add up to more than University totals and University headcounts add up to more than the system total. This occurs because it is common for students to be concurrently enrolled at multiple AOs and/or multiple Universities in the same semester. Therefore, some students would be double counted if headcounts were summed across AOs and Universities.

Source: Data supplied by UAA, UAF and UAS via UA information systems and compiled from the University of Alaska's data warehouse (RPTP.DSDMGR) maintained by UA Data Strategy & Institutional Research.

UA Southeast		5	8	10	51			11		85
UA System	41	217	102	102	864				2	1,226

Note: Within the UA System every student is admitted into one program uniquely defined by AO, degree and major, thus determining the student's status to be UA degree seeking (UA DS) or non-degree seeking (NDS). When reporting at the university level, degree-seeking status for students enrolled at multiple AOs within the University is counted only once and is classified by the student's highest degree status. Degree status at the system level for students enrolled at multiple Universities is counted only once and is classified by the student's highest University degree status within the system. Students pursuing a degree at an AO or University other than the one at which they are taking courses are reported as UA degree seeking (UA DS). Students who are not pursuing a degree at any campus within the UA System are reported as non-degree seeking (NDS) students.

Note: Student demographic information is self-reported. UA utilizes an unduplicated race categorization, although students often identify as more than one race/ethnicity. This compilation method allows each student to be counted uniquely. For example, if a student declares as Alaska Native and White, that person would be recorded as one Alaska Native student, for a total headcount of one.

Source: Data supplied by UAA, UAF and UAS via UA information systems and compiled from the University of Alaska's data warehouse (RPTP.DSDMGR) maintained by UA Data Strategy & Institutional Research.

\*Figures above only include UA Foundation aid reported in the Banner Financial Aid module.

Note: This table reports financial aid paid to students for the fall 2018, spring 2019, and summer 2019 semesters by class standing. A student often holds multiple class standings over the course of an aid year; however, for the the purpose of this report, students are reported under one class standing. Student class standing is assigned through a ranking process which first chooses the lowest degree seeking class standing a student held during the aid year, then considers non-degree and non-credit status.

Source: Data supplied by UAA, UAF and UAS via UA information systems and compiled from the University of Alaska's data warehouse (RPTP.DSDMGR) maintained by UA Data Strategy & Institutional Research.

\* Figures above only include UA Foundation aid reported in the Banner Financial Aid module.

Note: This table reports financial aid paid to students for the fall 2018, spring 2019 and summer 2019 semesters by class standing. A student often holds multiple class standings over the course of an aid year; however, for the purpose of this report, students are reported under one class standing. Student class standing is assigned through a ranking process which first chooses the lowest degree seeking class standing a student held during the aid year, then considers non-degree and non-credit status.

In the above table, University is first determined by where a student receives financial aid, then by a student's University program if no financial aid was awarded. An AEG recipient may receive financial aid from one University while enrolled at another University.

Source: Data supplied by UAA, UAF and UAS via UA information systems and compiled from the University of Alaska's data warehouse (RPTP.DSDMGR) maintained by UA Data Strategy & Institutional Research.

Developmental Math &/or English	74	91	89	69	54	-27.0	-21.7

*Many Traditions One Alaska*

Note: Developmental courses provide basic or supplemental preparation for introductory college courses and are available in several areas, with math and English making up the vast majority of courses taken. Developmental coursework is not applicable to transcribed certificates or to associate, baccalaureate, or graduate degrees, even by petition. Headcount includes students who audit credit courses. Headcount is unduplicated at the reporting level, so a student taking a developmental math course and a developmental English course is counted only once in the "Developmental math &/or English" category. Developmental math courses are those with the subject code of DEVM or MATH, with a course number between 050 and 099. Developmental English courses are those with the subject code of DEVE, WRTG, and PREP, with a course number between 050 and 099. A first-time freshman is a degree seeking student enrolled in the first semester of an undergraduate degree program. Transfer undergraduate, graduate and non-degree students are not considered first-time freshmen, by definition. Source: Data supplied by UAA, UAF and UAS via UA information systems and compiled from the University of Alaska's data warehouse (RPTP.DSDMGR) maintained by UA Data Strategy & Institutional Research.
