

Catalog/Schedule Work Team Minutes

Thrs. Jan 31, 2008 - 10:30am

Audio-conference number 1-800-893-8850, conference code 6384637

Attendees: UAF: Colleen Abrams, Mae DelCastillo; UAA: Linda Davis, Kathleen Murphy, Lynn Kreps (replacing Jeff Oliver; welcome), Charese Gearhart-Dekreon; UAS: Jan Crichton, Jeanny Wharton; SW: Patrick Tilsworth

Task Requests done

TR# 4A, 4B, 4C "or concurrent enrollment" is done and in Prod.

TR#6 Remove redundant "College, Division" from Catalog search is done and in Prod.

Task requests in progress

Patrick estimates it will be 1 to 1-1/2 months before we will have a LrgP version ready for testing; He will need our input on mock-ups prior to that.

Approved by BST 9/20 (not in LrgP yet).

TR#1 Non-secure Catalog search restructure.

TR#2 Non-secure Class Schedule search restructure.

TR#3 Secure Look-Up Classes to Add search restructure.

TR#8 Remove "Display" links from Student Records, add Catalog link to Registration.

Approved by BST 12/13 (not in LrgP yet).

TR#3A, 3B to include the SCATEXT Department Text under the subject heading in UAOnline

New Task Requests

Mae DelCastillo is writing a TR to add sort order parameter choice to the SSR2DNL (S by Subject Code, and D by Subject Description title).

Discussion: SCADETL Equivalent Course field

Sarah Hill emailed that equivalent course prerequisites are not being recognized.

This point tabled, as Sarah could not join us.

Jan Crichton has multiple courses that require the same parentheses and "and/or" conjunctions as SCAPREQ to do accurate coding. Example: 200802 ECE S110 (3 cr) previously ECE S112, 113, &114 (1 cr each).

Course evolution cannot be accurately coded in SCADETL as equivalent when multiple courses are replaced/renamed as one course. Colleen suggests we try coding in Capp to at least recognize for graduation purposes. Patrick also suggests forwarding to Sungard.

Catalog Download

UAF successfully used the new SCR2DNF download, which takes the prerequisites from the PR# in SCADETL rather than from the SCAPREQ coding. More compressed, and in order by Subject Description rather than Subject Code.

SCR2DNL (original) downloads both. Colleen recommends trying both, and to be able to use the original without duplication, write a TR to make SCAPREQ prerequisites optional so UAS could opt out, while UAA can continue to use as is.

UAOnline live Friday Feb 1 for Summer '08

UAOnline will be populated Friday. For campuses not wishing their courses to show yet, these can be suppressed (in all or in part) using SSR2VRF, which sets the SSASECT VRR field to N (Off, blank). To re-open for UAOnline, run SSR2VRF and set to Y (On, VRR checked).

Next meeting:

Next scheduled CCS meeting Thr Feb 28, 10:30am. -jan
