A high priority for UAA

Old Business:

Using OnBase for schedule/catalog, workflow:

UAA is scanning curriculum document history. None of the MAUs is using workflow yet.

UAA is looking into that and Sarah will keep us updated.

Long Title – From Mae 8/13, 9:26am:

Re: Problem with the long title not updating SSASYLB under the "Section Long Title

Mae noticed UAOnline seems to be reading from SSASYLB instead of SSATEXT, T1#.

9/11: Janet will look at this to determine where UAOnline is getting its long title, so we can make manual adjustments if necessary.

Reminders

We already have over 600 courses live in both Spring and Summer '09 with identical CRNs (50001 through 50625+). Please use caution when working with these CRNs.
