Old Business:

Long Title – From Mae 8/13:

Re: Problem with the long title not updating SSASYLB under the "Section Long Title".

Mae noticed UAOnline seems to be reading from SSASYLB instead of SSATEXT, T1#.

[Mae and Jane will find out and inform us by listserve email.](#)

New Business:

from Colleen 11/26: Review of Schedule Roll [SSR9OLL] process parameters.

SSR9OLL continued...

SSR9OLL parameter #07 Roll CRNs (Y=Roll; N=Oneup)

Help text: "Enter Y to roll CRN numbers, N to create system-generated CRNs."

Always choose N so Banner will begin at the SOATERM-designated beginning CRN (30000 for example) and assign CRNs as courses are created. SSR9OLL apparently trumps SOATERM and that may be how we ran into the 50000's in Spring 09.

Reminder: Spring/Summer CRNs: We have over 800 courses live in both Spring and Summer 2009 with identical CRNs (50001 through 50800+). Please use caution when working with these CRNs.
