Attendees: Anita, Charese, Colleen, Gianna, Jane, Jane, Mary, Sarah, Shelly

I. Chair's Report

Met with SunGard to clarify the two TRs that they are putting in a bid for completing (Schedule search revisions and the DUPL code for the supplemental data tab).

Bid has come back from SunGard and is significantly higher than expected. The DUPL TR was discussed. At \$20,000 for SunGard to do the work, the group leans towards not farming it out and waiting for it to be done in-house. There is a strong feeling that it is important and should not be put on the back burner. Mary has plans to investigate other funding options for the whole project, and possible giving the DUPL TR to a different outside group, depending on the outcome of other work they are doing currently.

II. Banner Issues

TR to modify Gateway extract to include H classes and SI# notes: The new extract was put into the Gateway and now course descriptions are not being pulled for any classes and SI# notes are being put into the description field.

Those that haven't "tested" at the Gateway (it is on the live site) will do that and report back if they notice other problems. Gianna mentioned that classes with multiple meeting times are showing up as multiple results in the search function. The programmer who can work on this will be back next week.

III. Old Business

IV. New Business

V. Adjourn

Next scheduled CCS meeting: July 15, 2010 at 10:30
