

Catalog/Schedule Work Team Minutes

Thursday, July 28, 2011 - 10:30am

Audio-conference number 1-800-893-8850, conference code 6384637

Attendees:

UAA

Gianna
Michael
Charese

UAF

Colleen
Anna

UAS

Jan

Sitka

Angie

Statewide

Jane

Please Note: Due to technical difficulties at UAA, I (Michael) missed the roll call at the top of the meeting, so this list of attendees may be incomplete.

I. Chair's Report

-no report

II. Banner

- SSR2DNL TR – In Prod. Looks like still working out some kinks
- SSRROLL – Testing still needed

III. Old Business

- Jan – TR for Dist Crse No Mtg, NA in UAOnline : Approved by BST
- Michael - SCR2DNL update: programmers fixed problem with no unintended consequences
- SSR2DNL / SSR2SEC – everyone okay with waiting to see the results of the similar change being made to UAOnline... if it goes well, will draft TRs for change to be made to these

IV. New Business

- FE# lines in SSR2DNL – agreed that only the schedule level (FS#) fees should output and not catalog level (FE#), as together they can be redundant and/or confusing
- Course View Rubric – the issue will likely be taken up at the next BST meeting. Everyone likes the following suggestion from Colleen:

“My suggestion for fall starting dates is viewable 3rd Monday in March, registration starts 2 weeks later. Because of the cross month dates it is difficult to specify exact relative dates. Another suggestion is viewable 2nd to last Monday in March, registration starts 1st Monday in April.”

- Do we want to just start meeting once every four weeks? – all in agreement to begin meeting once every four weeks at the same time (exception made for next meeting...see below)
- Report from Jane on fixes from Sunguard to UAOnline and SSRROLL

V. Adjourn

Next scheduled CCS meeting: August 25, 2011 at 10:30 (may be changed... watch for updates)
