UAA

I. Chair's Report –nothing new

II. Banner

- SSP2RLL – scapreq to ssapreq roll – in LRGP – please test
 - Can we roll by subject? That would require a task request.
 - *SSP2RLL updates by campus, not MAU. Russell has updated process to allow users to enter multiple campuses.*
- Banner upgrade testing seemed to go smoothly – any known issues still happening?
- *Most issues that have been found have been taken care of.*
- *UAA reports noticing that a CL# was missing from the SCR2DNL report. Will look into it further and report to programmers if necessary.*
- *UAF reports that double CL#s are not appearing in SCR2DNF.*

III. Old Business

IV. New Business

IV. Adjourn

Happy holidays, everyone!

Next scheduled CCS meeting: January 12, 2012
