

Catalog/Schedule Work Team Agenda

Thursday, March 8, 2012 - 10:30am

Audio-conference number 1-800-893-8850, conference code 6384637

Attendees:

Mae
Gianna
Michael
Lindsay
Russell
Jan
Jeanny
Cheryl

Note Taker: UAS
UAF
UAA

I. Chair's Report –nothing new

II. Banner

- SSRROLL – parameters 55-65 were added back and it's working, except it's ignoring parameters 63 and 64 (exclude by sched type, exclude by course status). Canceled and inactive courses are rolling with C or I status intact
 - UAA requests this to be fixed – rolling courses March 19 – would like to see the roll fixed before then but currently no timetable
 - Russell says a service ticket has been opened and gone back to Jane and Sunguard for a fix – can we get an update?

III. Old Business

- SSA2ADM workflow – email notifications are displaying inaccurate information - did Pat get a chance to look at this?
 - Follow up with Jane to see if any progress was made

IV. New Business

- SSA2SIT for UAOnline schedule search – Russell sent out list of all courses coded with a site code – clean up courses before migrating to PROD
- UAOnline Legend modifications
 - Have a separate legend for the unsecure side that only includes the applicable columns
 - Remove the link on the Campus column since the campuses are now spelled
 - Add links on other columns that are listed in the legend table
 - Keep the 3 decimal places for the Credit column
 - All MAUs agree that the WL Rem column (secure side) can be removed
 - Compatibility for time column will be migrated Wednesday
- Cross-listing SSAXLST – codes
 - UAA now using C code, UAF using 1 code. CRCD

IV. Adjourn

Next scheduled CCS meeting: April 5, 2012
