Old Business:

- UAS to write up task request to make changes to SSR2SEC (TBA -> NA)
-at Jane's recommendation/offer, will instead by working with Gianna to get TR 117 (waitlisting) amended to include this modification as well... programmers will do both modifications together
- UAF to write up task request to add instructors to SSA2ADM workflow
- Catalog management systems – Did all MAUs get a chance to look at the information Gianna sent out?
-UAS moving forward with demos, getting faculty informed/involved
-UAF not sure of what their director's interest is... will follow up to see if she has viewed information about e-catalogs that was sent to her
-UAA particularly interested in CourseLeaf... moving forward with demos to faculty groups, gathering more information at PACRAO conference

New Business

- UAF Honor's Program would like a filter to be added to UAOnline class schedule search so students can search for Honor sections only
-UAA – exclusively uses HNRS prefix, so students already have a way to find
-UAF – offers honors courses with other prefixes... would like to see if there is an attribute that can be used or created and coded in at the section level... will be speaking to Colleen about it
-UAS agrees
