---

1. Report from Council of College & Military Educators (CCME) conference (Mel)
    a. GoArmyEd Course Planner

Mel – Big impact on UA and other institutions, new template for degree completion. CCME did not have many for-profit institution representatives. New emphasis on complaint service rolled out. Can come through Dept of Ed, VA, or DoD.

Informed consumer model, Army describes soldiers as underserved population.

Course planner will need to confirm that courses will apply to solder degree plan

New MOU will be coming out. Costs of program will have to be spelled out. Placement testing will be required. Pick a degree plan and stick with it.

Template and new TA process to go live in March 2014.

Cannot enroll student on the same day that you "recruit" the student

2. AI Portal XML discussion:
    a. Mae wants to know if we should exclude CEU and -97 and -93 classes from the extracts
    b. Anna suggests removing -92, -94, -95 and any course number below -050 as well
    c. How to go about testing

UAF excluding CEU, below -050, -92, -93, -94, -95, -97

UAS excluding CEU, -97, -93 Matt following up with UAS about -92, -94, -95, below -050

UAA excluding CEU, below -050, -93, -94, -97
